## **Entering Exams for a Subsequent Session for an Entrant who is Sick:**

During the processing and scheduling of entries, a number of teachers have asked me our refund policy. It is there on the website but probably not always obvious if you don't know where to look so here is the link and the text:

## Refund Policy

Entries at one centre cannot be transferred to another centre or deferred to a later session.

For entrants who withdraw from an examination our policy is that we will credit half of the examination fee towards their entry in the following year on receipt of a doctor's certificate. It is not transferable to another student.

If an entrant wishes to postpone the examination or to take it at a different centre a new entry form must be completed and the appropriate fee must be paid. The original fee cannot be refunded.

## Resources

The website also has a section called "Resources". On this, teachers can access sample Theory papers and there is information on accessing certain teaching resources such as Musicianship books and how to order books in the syllabus.

There are also wonderful Canons for the piano Preliminary grade, written by the University of Waikato lecturer in composition Michael Williams. They are free and the photocopy can be used in the exam. They have a fun layout and using them saves buying a book.

## Feedback Forms

Make sure you get these into the office as your exams are finished. They are invaluable for giving the office some direction for NZMEB in the future.

## Teacher Training

There will be courses for teachers in each of the main teaching centres in term one next year. Can you please get back to us with offers and possible dates to host these?
